Initial Build Notes

Nav Bar:
- Make font size slightly bigger by 2 or 3 points.
- Logo could also be bigger. Big enough for "get your heart beat." to be legible

Home
- Where "learn more" is, have one link to the wiki and one link to the official jp site
- No stripes for the bg

Characters
- Standardize heart position height-wise in relation to all the characters

Songs
- Organize the discography by album and include album covers
    o You can use the formatting og "song titles" for each album
- Songs can be listed between each album

Merchandise
- Captions for the merchandising

Media
- Use screenshots from the app for Beatcats OFFICIAL FANCLUB
- All the images can be slightly bigger)
- Double the space between each entry
